

GCSE Biology for Adults

Subject Area	Science
Course Type	Adult
Study Level	Level 2
Delivery Mode	Full-time
Location	David Hockney Building
Duration	1 Academic Year
Start Date	September 2024
Course Code	PA000028

Course Summary

Our one-year GCSE in Biology A (Gateway Science) helps you develop your biological knowledge and scientific thinking. You will discover how key concepts in biology make sense of the observed diversity of natural phenomena. Practical skills are integrated with the theoretical topics.

What You Will Learn

You will study essential knowledge and key concepts in Biology, as well as the practical skills needed for investigative study. Topics covered include Cell biology, Genetics and Global challenges. You will develop practical skills, investigative skills, critical thinking as well as problem-solving skills through classroom learning, practical work and scientific resources.

Modules

- B1: Cell level systems

- B2: Scaling up
- B3: Organism level systems
- B4: Community level systems
- B5: Genes, inheritance and selection
- B6: Global challenges
- B7 is a practical-based topic which provides learners with the necessary skills to undertake the 15% practical content in the examinations.

Entry Requirements

You must be aged 19+ to enrol on this course.

Entry to this course requires GCSE Combined Science or individual Science GCSEs at Grade 3, as well as a minimum of grade 6 and grade 3 in GCSE English and Maths.

English and Maths will be included in your timetable if you have not achieved a GCSE at grade 4 or above in these subjects when you start your course.

Progression

Successful completion of this course can lead to further study or employment.
