

Welding

View on bradfordcollege.ac.uk

Subject Area	Engineering
Course Type	Adult
Study Level	Level 1
Delivery Mode	Part-time
Location	Trinity Green
Duration	1 Academic Year
Start Date	September 2025
Course Code	PA000190

Course Summary

This qualification is ideal for you if you are considering a career in engineering and will provide a basic understanding of fabrication and welding principles.

What You Will Learn

At Level 1, you will learn how to weld using different equipment and a range of materials.

Modules

To earn this qualification, you must complete a range of mandatory and optional units, including:

- Working in engineering
- Carrying out MIG welding processes

- Carrying out TIG welding processes

Entry Requirements

No specific qualifications however a passion for welding and fabrications is desirable.

Work Experience

Progression

Successful completion of this course can lead to progression to further study at a Level 2 with us or employment in the Engineering sector in a Welding related role.
