| Subject Area | Automotive & Motor Vehicle |
| Course Type | Adult |
| Study Level | Level 1 |
| Delivery Mode | Part-time |
| Duration | 1 Academic Year |
| Start Date | |
| Course Code | PA000404 |

Course Summary

This Institute of the Motor Vehicle Industry (IMI) qualification is aimed at anyone working in the retail automotive industry or public service sector, with hydrogen vehicles.

This qualification has been developed in conjunction with hydrogen vehicle manufacturers, and component suppliers and is essential to ensure the health and safety of individuals operating around hydrogen vehicles.

This course is suitable for non-technical people such as managers, valeters, parts, sales and aftersales staff, event staff, vehicle recovery personnel, vehicle dismantlers, vehicle damage assessors, insurance companies, vehicle hire companies and hydrogen vehicle drivers. It contains the knowledge of the dangers surrounding hydrogen vehicles (all variations) and the precautions to avoid potential injury

What You Will Learn

You will learn:

- The types of hydrogen vehicles available

- Hazards associated with hydrogen vehicle systems
- Working safely around hydrogen vehicles including refuelling

Modules

This is a half day course. Please see the learning outcomes above.

Entry Requirements

This award is designed for those people who may encounter hydrogen vehicles (all variations) and require safety awareness.

Progression

On completion candidates will be aware of the safety implications of hydrogen vehicles.
