

Construction Multi-Skills

Subject Area	Preparing for Learning & Work – Foundation Learning
Course Type	Entry Level
Study Level	Entry Level 3
Delivery Mode	Full-time
Location	David Hockney Building
Duration	1 Academic Year
Start Date	September 2024
Course Code	PA000071

Course Summary

Take your first steps towards a job in Construction with our Entry Level 3 qualification. This qualification will provide you with a unique insight into the various construction trades. You will develop transferable, industry related skills including Carpentry, Joinery, Bricklaying, Electrics, and Plumbing.

If you have an eye for detail and good work ethic, you can be earning fantastic money anywhere in the world by developing skills in the construction trades.

The Entry Level 3 Award in Construction Skills is designed around practical skills and tasks that place an emphasis on learners demonstrating what they can do rather than what they know in theory. The Award offers an introduction to the construction industry and will be studied alongside other subjects within a study programme.

What You Will Learn

Industry specific skills including:

- Employability skills for the construction industry
- Maths & English
- Electrical installation
- Plumbing
- Brickwork
- Carpentry and Joinery
- Plastering

Modules

The course is based on a Programme of Study, which consists of: the vocational qualification itself; a City & Guilds Employability Extended Award, maths and English, a tutorial programme and work experience. Learners will study core Employability units and develop workshop skills over the duration of the course.

Employability Units:

- Safety in the Work Place
- Candidate Project
- Workshop Skills

Entry Requirements

There are no entry requirements for this level apart from an interest in the specified subject and the ability to commit to positive behaviours and attendance.

English and/or Maths will be included in your timetable if you have not achieved a GCSE at grade 4 or above in these subjects when you start your course.

Work Experience

There will be opportunities for experience of work – 30 hours experience of work.

Progression

Progression from this course provides you with a clear route to further study. You will develop the skills you need to progress into a career in Construction.
