Welcome

Welcome to the first edition of Bradford College's new stakeholder newsletter. We're thrilled to embark on this journey of connection and collaboration with you.

Through this newsletter we aim to share our progress, achievements, and the transformative impact we're making with our students and in the wider Bradford community.

ESOL Lecturer Receives Royal Invite to Meet King Charles

Esther Wilkey, a lecturer based in our ESOL department, was invited to Windsor Castle in July for a day celebrating the legacy and contributions of William Shakespeare to UK culture.

Esther received an invitation due to her continued efforts to keep the legacy of the world's most famous writer, William Shakespeare, alive within her day-to-day teaching. Our ESOL department works with the Royal Shakespeare Company to utilise Shakespearian texts within their curriculum, from Entry Level 1 through to Level 1.

"It was beyond anything I ever thought it could have been. I've worked here for 10 years and I love my job, but I never imagined it would lead me to meeting the King. I felt really proud to represent Bradford College."

"We're the only College that runs a tutorial programme like this. It was interesting to talk to another teacher who said that from me presenting about the work that we do, she's now used similar ideas at her college, with their students."
